THE GAZETTE.

Daily, \$6 a year. - Weekly, \$1 a year.

THE LEADING JOURNAL

of the Province of Quebec, and one of the chief METROPOLITAN NEWSPAPERS OF CANADA, combining successfully the functions of a thoroughly efficient MERCANTILE JOURNAL, with those of a FAMILY PAPER.

On Monetary, Commercial and Shipping

subjects, it is acknowledged the CANADIAN STANDARD AUTHORITY, and gives the utmost prominence to

Local and Foreign Market Reports

which afford the fullest and most accurate prices current each day. As a

General Family Newspaper

THE GAZETTE is unexcelled. It contains such a compendium of matter, collected by its own Local Staff, and secured by a liberal service of

Telegraphic Reports

from Domestic and Foreign sources as to make each issue the reflection of the world's daily history, and a successful purveyor of the latest interesting news.

Sporting.

In this department also, the information given is full and accurate, and the standing of the GAZETTE in regard to all sporting matters, is well known and thoroughly recognized.

Its Circulation

far exceeds the combined English morning papers of the Province of Quebec. Circulating among the Mercantile community of Canada and the best families, it offers an excellent channel for Advertisements.

LOVELL'S LIBRARY.

The Publishers of "Lovell's Library," having decided to devote their exclusive attention to the interests of that series, have now made arrangements tending to improve the general appearance of the books, in the way of better paper, printing and binding. The selections of works to be published will be made with great care. It is contemplated to include, besides the best current fiction, which will be re-issued promptly, all the leading Standard Works, not only in Fiction, but in Art, Science and in Belles-Lettres.

Among the more important works recently issued, or now in press, are :

LAPRAIRIE.

An extensive municipal village and parish on
the south shore of the River St. Lawrence,
between the Lachine rapids and Victoria
bridge, district of Montreal, seigniory and
county of the same name. Incorporated
March 30, 1846. The parish was erected on
the 17th November, 1670. A market is open
every day. An aqueduct is constructed.
The first railway in British North America
was constructed from here to St. Johns in
1836. It was first worked with horses, after-
wards by steam, but was discontinued, and
the rails taken up a number of years ago. A
steamboat maintains regular communica-
tion between Montreal and Laprairie. A
branch of the Grand Trunk Railway, start-
ing at Fort Covington, in the State of

The Fire Association of London

"Standard Building," St. James St., Wm. Robertson
General Manager E. P. Heaton, Fire Supt.

New York, to reach the Victoria bridge, now runs twice a day in close proximity to the village, with a good station and depot, and contributes materially to the future development of the locality, which is considered a very healthy and pleasant summer place. There is also a fire station, thoroughly supplied with new fire apparatus, such as a fire engine and hook and ladders. Fishing and hunting is also largely practised. A new billiard room has been organized. A permanent wharf has been erected, and will be much improved during the present summer. A new channel is also talked of. The aqueduct, is now giving a very good service to the village, and the work of putting up pipes is being done very rapidly in the different streets. The pressure of water in case of fires is also very powerful, as the water is drawn by steam and air pressure, which brings it at a distance of 1,350 feet, from the St. Lawrence river. The premiums upon insurances has also been greatly reduced on account of the recent ameliorations to the fire system apparatus. Great North Western Telegraph Company has an office here. Distant from Montreal, 9 miles, fare 15 cts.; from St. Johns 18 miles. Mail daily. Population of village 1,550; of parish 2,200.

TOWN OF ST. CUNEGONDE.

(Incorporated in 1876.)

A town adjoining the City limits of Montreal, in the seignior of Montreal, county of Hochelaga, district of Montreal. This municipality is governed by a Mayor and Corporation. A permanent fire and police force is maintained. The Corporation purchased the old St. Jude's church, which they have converted into a handsome town hall, with commodious offices for the secretary, water works, court room, fire station, and a large hall for public meetings, as well as a private residence for the Chief of Police. The town contains two churches, one Roman Catholic and one Protestant; three schools, two Catholic and one Protestant. It also possesses some extensive industries, the most important of which are the Montreal Rolling mills, the Mona Saw mills, Davidson's Stamping works, Amessee foundry, Luttrell's Cracker factory, Findlay's foundry, Henault's Ice house, Lapierre's preserve factory, Bourgouin & Thibault's sash & door factory, and McCaskill's varnish works. TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limit of Montreal, and formed by the amalgamation of the former villages of Tannery West and Oteau St. Augustin. The Town of St. Henry is situated in the seigniory of Montreal, county of Hochelaga and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the St. Joseph street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the C. W. Williams Manufacturing Co., employing 600 hands, a cotton manufacturing Co., one of the finest in the Dominion, and a public Abattoir and stock yard Co. The Council has built a very fine Town Hall, Fire and Police station at the corner of St. Henry and St. Bonaventure streets, at the cost of \$25,000. Building is being prosecuted

The course of studies, in which religious
instruction holds the first rank, is divided into
two sections—the classical and the commer-
cial.

The classical course, principally taught in
French, is designed to impart a thorough know-
ledge of the Greek, Latin, French and English
languages and literature, pure and mixed mathe-
matics, history and geography, philosophy and
natural sciences, and whatever is necessary as
a preparation for a professional career.

It comprises eight classes—Latin Elements,
Syntax, Method, Versification, Belles-lettres,
Rhetoric, 1st and 2nd year of Philosophy.

The commercial course, principally taught in
English, embraces the English and French
languages and literature, mathematics and the

other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal. The teachers endeavor to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress are sent to parents or guardians.

None but relatives, or those who represent them, are allowed to visit the boarders.

Half-boarders and day scholars must not absent themselves without previous leave from the College authorities.

The collegiate year is of ten months, beginning in the first week of September, and ending in the first week of July.

Terms per year.—Board and tuition, \$150.00; washing, \$20.00; bed and bedding, \$10.00; music lessons, \$25.00; use of the piano, \$5.00; drawing lessons, \$20.00. Half boarders, \$80.00; day scholars, \$30.00.

Payments, which are required in gold or its equivalent, and strictly in advance, are made in two instalments, 1st in the beginning of September, 2nd on the 1st of February.

The college will not take charge of providing a student with clothing or other necessities unless a sufficient sum be deposited in the hands of the treasurer.

No reduction in the above-mentioned terms will be granted for absence of less than one month.

This institution furnishes medical and surgical aid and medicines to the sick poor of every nationality and religion in Montreal.

The attending physicians visit at their own homes those who are unable to come to the Dispensary and too poor to pay.

In restoring to health, it restores to many their only means of support, and thus prevents poverty, pauperism and crime.

It is dependent, chiefly, upon voluntary contributions for its support.
